

# Breakout Box BOB MS 6 EVO

- Optimised packaging facilitates a low-profile design with compact, lightweight housing
- Robust 4 mm standard jacks for measuring leads
- Signal integrity of high-speed data links ensured by product-specific version
- Standard configurations and fully customized versions available
- No more lost jumpers due to patented 90° rotatable connectors

We developed this BOB version for use with Engine Control Units MS 6 EVO and a second version for use with Engine Control Units MS 6. They differ in their internal structure and cannot be interchanged.

## Technical Specifications

### Mechanical Data

|                                         |                   |
|-----------------------------------------|-------------------|
| Size                                    | 355 x 270 x 50 mm |
| Weight                                  | 4,100 g           |
| 4 mm standard jacks for measuring leads | 176               |
| Ethernet connectors                     | 4                 |
| Ethernet wire                           | 2 x inclusive     |

|                |           |
|----------------|-----------|
| USB connectors | 2         |
| USB jumper     | inclusive |

### Connectors and Wires

|               |           |
|---------------|-----------|
| Wire length L | 2 x 60 cm |
